“More than a meal”®

Meals on Wheels offers delicious, nutritious meals at a competitive price. But we believe it is our quality of service that separates us from the rest.

“Open Door Policy”

Meals on Wheels has and always will have an open door policy. That means any of our clients can stop by and request a tour of our cooking facility on any given day. Try asking this with your current meal provider.

This spring we made several improvements to our cooking facility and frankly we want to show it off.
